Why stop here

The cathedral, baptistery and leaning tower in one monumental square.

A useful visit

Explore the square on foot and look at the surrounding façades before choosing an interior visit. Entry to nearby museums, churches or towers is separate. Leave space in your day for crowds and events. Decide whether the climb fits your day before buying tickets. Check stairs, age or access restrictions and weather-related closures with the operator. Visiting the surrounding square is still worthwhile if you skip the climb.
Check visitor access separately from service times. Keep the visit quiet and dress appropriately for a working place of worship. Frescoes and chapels may have different admission arrangements from the main church.
