

A day in Chianti

visittuscany.com

Start in Greve, then visit Montefioralle and its winery only with a confirmed reservation and transfer. The tasting is about 75 minutes; snacks do not replace lunch. Arrange a non-drinking driver or transport back. Without a workable connection, keep the day in Greve.

Stop 1 **Piazza Matteotti · Greve in Chianti**

Stop 2 **Montefioralle**

Stop 3 **Montefioralle Winery**

Keep a meal break and spare time before the return service. Crowds, steps and slopes can slow the day; skip the final stop when tired. The number of days is a suggested pace, not a transport timetable or an accessibility rating.

Adjust your plan

In rain, choose one indoor visit from the linked guides after checking opening and tickets, then shorten the outdoor loop. For countryside or beach days, postpone exposed walks and keep a town-based meal or visit instead; do not force the original circuit.
